# GLOBAL HEALTHCARE SUMMIT

*January 2 to 4, 2015. Mumbai, India*

*-: Participating Organizations :-*

AAPI, 600 Enterprise Drive, Suite 108, Oak Brook, IL 60523, Phone 630 990 2277; Fax 630-990-2281  
E-Mail: [info@aapiusa.org](mailto:info@aapiusa.org) Website: [www.AAPIGHSIndia.org](http://www.AAPIGHSIndia.org)

Dear Colleagues and Guests,

On behalf of AAPI, the participating organizations, and the local Organizing Committee, I invite you to join the Ninth AAPI Global Healthcare Summit 2015, to be held from January 2nd – 4th 2015 at the Trident/Oberoi Nariman Point, Mumbai, India.

Harnessing the power of Indian doctors worldwide, the AAPI Global Healthcare Summit platform has evolved with the support of prominent global and Indian medical associations; including IMA, MCI, ASI, IPS, APA, API, ICON, JCI, AHA, Johns Hopkins and GAPIO.

Senior leaders from leading healthcare organizations such as pharmaceuticals, device and medical equipment manufacturers and major medical teaching institutions, hospitals and from the Ministries – Health, External/Overseas Affairs and regulatory bodies are collaborating with AAPI with the ultimate goal to provide access to high quality and affordable healthcare to all people of India.

The mission of AAPI is to share the best from leading experts from around the world, to collaborate on clinical challenges, research and development, philanthropy, policy and standards formulation.

Clinical tracks include chronic disease states notably diabetes, cardiovascular, hypertension, COPD, oncology, maternal and infant mortality, and emerging ones - trauma and head injury, transplant and minimally invasive robotic surgeries. An exclusive Healthcare CEO forum brings the healthcare industry perspective, with senior Government officials, both Union and State providing the legislative wisdom. Hands-on workshops provide supervised skill transfer.

In 2015, the Global Health Summit will enhance the meaningful gains so far, and spearhead further initiatives. There will be pre-Summit education, training, panel discussions and the results of such will be presented at the Mumbai event. Actionable plans for knowledge and information gleaned from pre to post-Summit activities will be in place to disseminate to health providers up to District and even Taluka levels utilizing innovative technology by streaming live webcast of the proceedings directly from the GHS venue. Innovation, ethics, standardization, medical tourism and physician recruitment are newer challenges to address.

We anticipate over a thousand delegates, including more than three hundred from USA, UK, Canada, Middle East, Caribbean, and Australia.

AAPI and all participating organizations welcome you to the Global Health Summit 2015 in Mumbai. The experience will be mutually enriching, rewarding, meaningful and unmatched.

With best wishes,

Ravi Jahagirdar, M.D.  
President AAPI, Chair, Global Health Summit 2015
