

AMERICAN ASSOCIATION OF  
PHYSICIANS OF INDIAN ORIGIN

# GLOBAL HEALTHCARE SUMMIT 2016

December 28-30, 2016

Hotel Radisson Blue, Udaipur, Rajasthan, India.

Full Day Workshop on

## **CARDIAC ARRHYTHMIA MANAGEMENT**

By

**Internationally Acclaimed Faculty**

**December 29, 2016**

# Workshop Learning Objectives

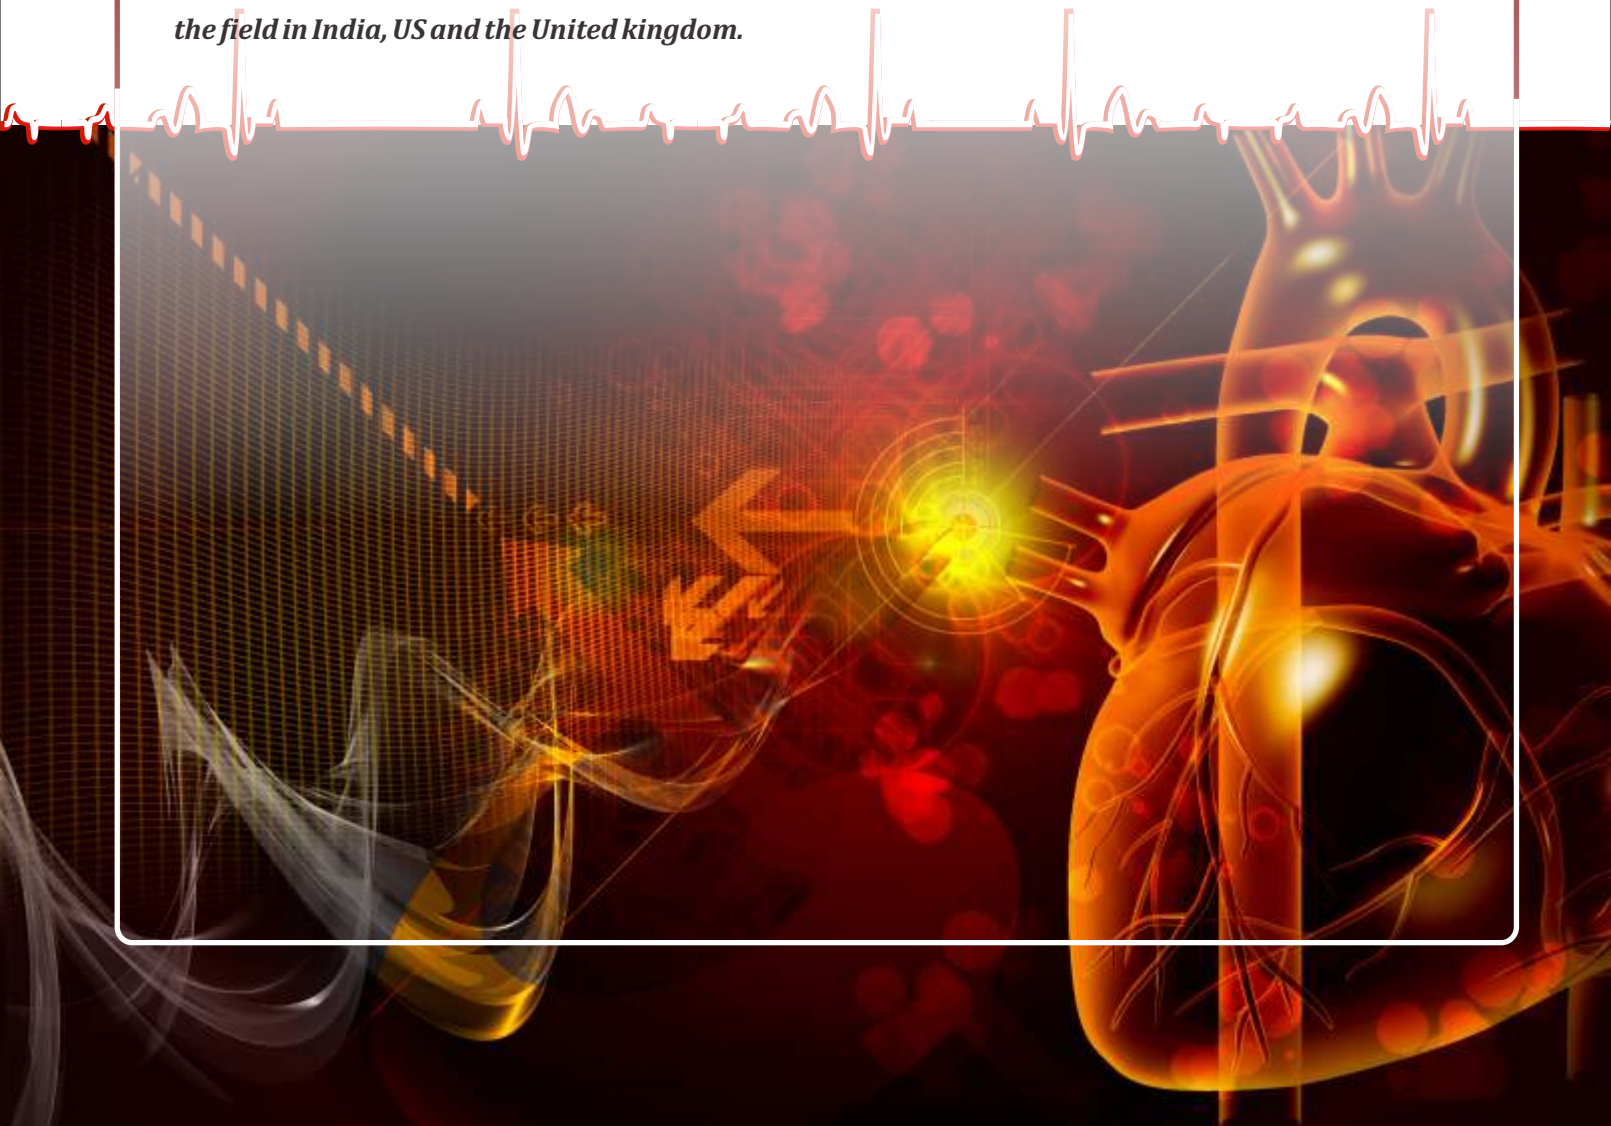

---

*Cardiac Electrophysiology has come of age in 2016 as a means of curing Cardiac Rhythm Disorders and improving survival as well as quality of life.*

*This workshop will interest Physicians of many Specialities, Internists, Cardiologists, Electrophysiologists and Trainees in Cardiology and Electrophysiology . Physicians will be updated on the current management of Cardiac Disorders, from the basics to advances. This would include diagnostic evaluation, management with drugs, ablation as a curative strategy and Implantable Cardiac Rhythm Devices.*

*For the Cardiologists and Cardiologists who would like to pursue a career in Electrophysiology, the workshop would have 'How to' sessions on all techniques in Electrophysiology.*

*This workshop will be run in a casual and informal atmosphere, with plenty of opportunities for questions and interactions. The topics include all management of all Arrhythmias including Supra Ventricular Tachycardia, Ventricular Tachycardia, Atrial Fibrillation, Atrial Flutter, Atrial Tachycardia. Cardiac Rhythm Devices will be discussed in the same fashion. Techniques of ablation therapy and Device implantation therapy will be discussed both in the didactic sessions and the how to sessions. Faculty consists of Electrophysiologists in India and from the US with vast experience in the field in India, US and the United kingdom.*

# Program Highlights

Date 29.12.2016, Thursday

11AM to 6 PM

Time	Topic	Speaker
11 am	Introduction to the Program and objectives	Dr. Atul Prakash Dr. Ajay Lodha
<b>SESSION 1</b>		
11.15am - 2.15pm	Current status of Catheter Ablation for management of Cardiac Arrhythmias with ' <u>How to - sessions.</u> '	
11.15am - 12.15pm	Ablation for Atrial Fibrillation and Atrial Flutter	
11.15am - 11.30am	Current status	Dr. Atul Prakash
	How to Ablate - Atrial Fibrillation	Dr. Davendra Mehta
	How to Ablate - Atrial Flutter/ Tachycardia	Dr. Balbir Singh
12.15pm - 1.15pm	Ablation for ventricular tachyarrhythmia	
	Current Status	Dr. Niraj Varma
	How to Ablate - Ventricular tachycardia	Dr. C Narasimhan Dr. Roy John
1.15pm - 2.15pm	Ablation for Supra ventricular tachycardia including WPW	
	Current status	Dr. Vinnie Jayam
	How to Ablate - AV Nodal reentrant tachycardia	Dr. Venkat Iyer
	How to Ablate - Accessory Bypass tracts	Dr. Niraj Varma
2.15pm - 3 00pm	LUNCH	

**Registration Details:**  
<http://www.aapighsindia.org/>

## Program Highlights

Date 29.12.2016, Thursday | 11AM to 6 PM

Time	Topic	Speaker
<b>SESSION 2</b>		
3pm - 5pm	<b>Current status of Implantable devices for the management of Cardiac Arrhythmias and How to implant devices.</b>	
3pm - 4pm	<b>Pacemakers and Defibrillators:</b>	
	Current indications and technological advances in implanted arrhythmia devices	Dr. Roy John
	<b>How to implant</b> - devices effectively and without complications	Dr. Atul Prakash
	Leadless Pacemakers and defibrillators and Subcutaneous devices – Present and the future	Dr. Venkat Iyer
4pm - 5pm	<b>Heart failure devices:</b>	
	<b>Current status</b> - Heart failure devices	Dr. Balbir Singh
	<b>How to implant</b> - a Left ventricular lead safely and effectively	Dr. Vinnie Jayam
5pm - 6pm	<b>Basic Electrophysiology</b>	
	<b>Basic Electrophysiology</b> – From Electro grams to Entrainment and mapping	Dr. C Narasimhan Dr. Davendra Mehta
	<b>Panel discussion with questions from audience</b>	
	<b>Closing Remarks</b>	Dr. Ajay Lodha

## Registration Fee for India Delegates

**Workshop: Rs. 5,000 – Dec. 29, 2016**

**Workshop & GHS: Rs. 10,000 – Dec. 28/29, 2016**

**GHS Full package: Rs. 15,000 – Dec. 28-30, 2016**

## Esteemed Faculty

### Dr. Atul Prakash

MD, FRCP(U.K), FACC, FHRS  
Co Chair of the program

Cardiac Electrophysiologist, Associate Professor of Medicine at Rutgers's Medical School, Director of Cardiac Arrhythmia Specialists. Practicing Electrophysiology in Multiple hospitals in North New Jersey and New York. Fellow of the Royal College of Physicians, UK, American College of Cardiology and Heart Rhythm Society. Specializing in Complex Ablations and Device implantations.

### Dr. Niraj Varma

MD, PhD, FRCP

Physician in the Section of Electrophysiology and Pacing in the Sydell and Arnold Miller Family Heart & Vascular Institute. Doctorate in Medicine from Oxford University and Bachelor of Surgery from Edinburgh University in the UK. Fellow of both the Royal College of Physicians of Edinburgh and London. Internal Medicine training in the Royal Infirmary of Edinburgh and at Papworth and Addenbrooke's Hospital, Cambridge University. Fellowship in Cardiology at St. Bartholomew's Hospital, London, Research Fellowship in Basic Science Cardiology undertaken at Boston University and Harvard Medical School for which he was awarded a PhD from Oxford University. He completed his post-doctoral training as a fellow in Clinical Cardiac Electrophysiology at Beth Israel Hospital, Harvard Medical School in Boston.

### Dr. Venkat R. Iyer

MD, FHRS, FACC

Director of the Electrophysiology Lab at the Chesapeake Regional Medical Center.

Dr. Iyer completed his undergraduate degree from Penn State and his medical degree at Penn State College of Medicine. Internal Medicine residency at the Medical College of Virginia, Fellowship in Cardiology and Cardiac Electrophysiology at Brown University. Board certified in Internal Medicine, Cardiology and Cardiac Electrophysiology. His expertise includes the ablation of Cardiac Arrhythmias with an emphasis on Atrial Arrhythmias especially Atrial Fibrillation. He is certified in the implantation and management of pacemakers and defibrillators and is a staunch proponent of MRI safe devices. He has extensive training in lead management with an emphasis on laser lead extraction. He enjoys teaching medical students and residents and is the Co-Director of the ever popular "Cardiology in Primary Care" conference held annually in November.

### Dr. C Narasimhan

MD, DM, AB (USA)

Director, Electrophysiology and Arrhythmia Services, CARE Hospital, Hyderabad

**Contact: Medwiz Healthcare Communications Pvt. Ltd., 1-Ground Floor, B Wing, Western Edge II,  
Behind Metro Mall, Off Western Express Highway, Borivali (East), Mumbai 400066**

**For more registration details contact: Email: [contact@medwizindia.com](mailto:contact@medwizindia.com) Phone: +91 22 2870 0500**

## Dr. Balbir Singh

Chairman- Division of Electrophysiology  
Heart Institute - Division of Cardiology  
Awarded Padma Shree

Dr. Balbir Singh is a prominent Cardiologist; Renowned both Nationally and Internationally. He has received several International and national awards including the prestigious Padma Shree award. He pioneered several new Techniques in invasive Cardiology, and has a faculty status at all major conferences both in Europe and America. Specialist in Coronary Angioplasty, Electrophysiology, Radiofrequency Ablation for Arrhythmias, Pacemakers, devices to treat to Heart Failure. Part of advisory panel of several International Societies. Fellow of American College of Cardiology and has written many chapters in books and journals.

## Dr. Vinni Jayam

MD, Cardiologist

Dr. Vinni Jayam is one of the leading cardiac electrophysiologists in Long Island, New York. After being a state ranker in school and college, he graduated from Kurnool Medical College in India as the best out going student. Dr. Jayam received further training at Tufts University of Boston, completed Residency & fellowship programs at the Henry Ford Hospital in Detroit, University of Missouri-Columbia and finally at the Johns Hopkins Hospital. In his experience of Electrophysiology of over 15 yrs, he has performed thousands of EP procedures. He is one amongst the highest implanters of cardiac devices in the United States.

## Dr. Davendra Mehta

MD, PhD, FRCP, FACC, FHRS  
Professor | Medicine, Cardiology

Director, Cardiac Electrophysiology Service at Mount Sinai

Diplomat of American board of Internal Medicine, Cardiovascular diseases and Clinical Cardiac Electrophysiology, Dr. Mehta is a graduate from JLN Medical College Ajmer in Rajasthan. He did MD from PGI Chandigarh and then moved to UK. He did cardiology training from Leicester in UK followed by electrophysiology Fellowship from the St George's Medical School in London. He was awarded a PhD by the University of London for work on ventricular tachycardia. Following this he worked at Escort's Heart Hospital in New Delhi for 2 years and then moved to the US in 1990. He has since been at Mount Sinai Hospital in Department of Cardiology as a faculty. Currently he is Professor of Medicine at the Mount Sinai School of Medicine and Director of Arrhythmia Section at Mount Sinai St Luke's Hospital. He has extensively published with 200 peer review articles. He regularly lectures nationally and internationally. Field of interest has been Cardiac Sarcoidosis. He is on the national committee for expert consensus for the management of cardiac sarcoidosis. He is practicing Clinical Electrophysiologist and has been consistently on the list for New York Best Doctors (best 5% physicians). Clinical interests include complex catheter ablations for cardiac arrhythmias.

## Dr. Roy M John, MD - Cardiac Electrophysiology, Is specialized in Cardiac Electrophysiology, Dr.

JOHN is one of most famous doctor in the Boston, John is practicing in medical field for 37 Years. Doctor ROY completed its graduation in the year 1979 and was awarded with degree by the medical institute. From 37 years Dr. Roy M John had been awarded by local authorities in the state MA, USA. Currently Dr. John is Working in **Brigham And Women's Hospital**.
